© MSAFE RISK MANAGEMENT 2020 - TERMS OF USE

This document has been generated using MSAFE Risk Managements Construction Covid-19 Risk Assessment Tool. Permission granted for use by the organisation the original form was submitted on behalf of. You may reproduce and edit this document to meet your requirements providing the source is clear and the label at the footer remains in place. The form is provided in good faith as a tool to assist with meeting the requirement to undertake a Covid-19 Risk Assessment. MSAFE Risk Management do not take responsibility for the contents of this document all information is the responsibility of the person completing the assessment to check it is correct and in accordance with the current guidance.

It is based on [Rev 3 \(14th April 2020\) Site Operating Procedures \(SOP\)](#) prepared by the Construction Leadership Council, [Government Advice on Construction Sector 7 April 2020](#) and [Working Safely during Covid-19 in Construction and other outdoor work](#).

You should also refer to the Government advice on social distancing. Where it is not possible to follow the social distancing guidelines in full in relation to a particular activity, you should consider whether that activity needs to continue for the site to continue to operate, and, if so, take all the mitigating actions possible to reduce the risk of transmission.

1. Assessment details

1.1 Assessment by

First Name: Nathan

Last Name: Pitt

Position/Role: Director

Date of assessment: 15.05.2020

Maximum review date: 15.06.2020

Email Address: nathan.pitt@msafe.co.uk

Organisation: MSAFE Risk Management Limited

Address of site being assessed:

154a

Seabourne Road

Bournemouth

Dorset

BH5 2JA

2. Who should go to work?

Objective - Everyone should work from home unless they cannot work from home.

To protect your staff, you should remind colleagues daily to only come into work if they are well and no one in their household is self-isolating.

2.1 Eliminating the need to come to site.

Hazard	Who might be harmed?	How might they be harmed?
Exposure to Covid-19 virus during working day.	All those attending site or meetings.	Serious illness resulting in long term complications or death.
What we are doing or propose to do:		
Action	Status	
Identify essential site staff	Yes (in place)	
Identify those that can work from home	Yes (in place)	
Set up remote/home working	Yes (planned not operational)	
Ensure those working from home have the correct equipment	Yes (in place)	
Monitor the wellbeing of homeworkers	Yes (planned not operational)	
Client/consultant visits arranged before or after workers leave site	Yes (planned not operational)	
Remote monitoring of the site by video/photographs	Yes (in place)	
Video/conference call meetings	Yes (in place)	
Any other existing controls in place or action required?		
Site monitoring by H&S to undertake Covid-19 compliance review.		
Who will action?	Contracts manager	
By when?	29-05-2020	
Any further comments
