

# Bourne Parking

MSAFE Risk Management have supported Bournemouth Parking on numerous projects since 2016.

Bourne Parking are a specialist design and build car park company. We have worked with Bourne Parking on a number of projects supporting them as Principal Designer. This has included initial design reviews, through to production of CDM Pre Construction Information, ongoing Principal Designer input during construction including site reports and assistance with the development of the Health and Safety File.

Projects MSAFE have worked on include:

- Didcot Parkway MSCP
- Southwater Telford Events Centre MSCP
- Longbridge Station MSCP
- Milton Keynes University Hospital MSCP

MSAFE Client Bourne Parking

MSAFE Role Retained Health and Safety Advisors / CDM Advisors to Principal Designer
