

Horizon

Horizon is an exclusive collection of 280 one, two and three bedroom waterside apartments and penthouses together with 5000m² ground floor retail and restaurant facilities. The project comprises the construction of three concrete frame buildings with shared basement parking within the tidal ground water zone of Castle Quay, St Helier. Due to the tight footprint of the site, pedestrian landscape and adjacent hotel and apartments careful consideration was needed during the design stage for the safe access for cleaning and replacement of facades which comprise large format glazing.

MSAFE Client Jersey Development Company then Legendre
